BARS PULPIT RECRUITING.

Preacher Says Dollar Desire Drags Youth Into Commerce.

Cleveland, O., Oct. 18.—The allurements of commercial life and fear of the "ministerial dead line" are assigned as reasons for the alarming decrease in the number of young men entering the ministry by the national Congregational council, which held its final meeting here. Increased pay for ministers was the only solution suggested.

"The greed for the dollar is dragging our young men into commercial life, to the detriment of the ministry," said Dr. C. L. Morgan of Illinois. "Congregations seem to think a minister should labor for nothing. We cannot blame young men if they do not venture their own lives and their families in such a precarious career as the ministry."

Dr. William Park of Chicago said the fear of losing their pastorates after they reached middle age deterred many who otherwise would enter the ministry.

"It is the cry everywhere for young men. It is this ministerial dead line that holds men back."

Sick Indians Burned at Stake.

Winipeg, Oct. 18.—That Indian tribes living within a few hundred miles of Winnipeg have reverted to the most brutal savagery was brought out at the trials of chiefs of the Salteux tribe, held at the Hudson Bay company's fort at Norway. Ill and helpless members of the tribe were strangled and burned at the stake for no other reason than to relieve their relatives of the task of caring for them.

Cortelyou Off For Capital.

Hempstead, N. Y., Oct. 18.—George B. Cortelyou, secretary of the treasury whose home is near here, left for Washington. Accompanying him was Miss Grace Hinds, his sister-in-law who will assist Mrs. Cortelyou in the social activities of the coming season.

Coal Prices to Soar Again.

Philadelphia, Oct. 18.—Export orders aggregating 300,000 tons have been declined by local bituminous operators within the last few days on the ground that they could not fill them. The condition was attributed to the limited car supply and the inability of operators to get sufficient help at the mines. A similar condition exists in the anthracite region, and it is predicted that prices for both grades of fuel will be advanced before the end of this year.

Taft Pleased With Philippines.

Manila, Oct. 18.—Secretary Taft made a tour of Manila in an automobile, carefully inspecting the improvements made since his last visit to the islands. He found great progress in the two years and seemed highly pleased with conditions in this city and the reports from provincial governors.

ROOT IN FOR \$20,000

Secretary of State Got Big Fees From Ryan Railroad.

FOR SERVICES RENDERED.

Moore & Schley Were Paid Checks Aggregating \$7,000,000 by Metropolitan Securities Company and Ryan's Sons Got a Whack in Commissions.

New York, Oct. 18.—The public service commission and its counsel, William M. Ivins, went on another fishing expedition in the rolled waters of the Metropolitan and Interborough Traction companies and despite many hardships had splendid luck.

Mr. Ivins succeeded in landing on the record the fact that the law firm of Guthrie, Cravath & Henderson had been paid nearly \$500,000 in fees and disbursements out of \$1,000,000 expended for lawyers by the Metropolitan Securities company and the New York City Railway company in five and a half years, that Secretary of State Elihu Root got \$20,000 in fees between the time he retired as secretary of war and his re-entry to the cabinet in his present position, that Moore & Schley, whose brokerage house appears to have enjoyed particular favor, were paid checks aggregating \$7,000,000 between January and June, 1900, and that H. H. Vreeland in October, 1902, had about \$300,000 in blind "cash" transactions.

Root's Services.

Paul D. Cravath, attorney for the Metropolitan interests, who was called by Mr. Ivins, explained from the witness stand and also through a letter written Mr. Ivins that the services performed by Mr. Root were during the time intervening between his retirement as secretary of war in 1904 and his assumption of the duties of secretary of state in 1906.

Mr. Cravath said that when Mr. Root got out of office he immediately resumed practice of his profession and that as the fight against the franchise tax was then on he was retained by the Metropolitan company.

Mr. Ivins' record shows that the last payment to Mr. Root of \$5,000 had not been made until the early part of 1906, at which time Mr. Root was secretary of state. Mr. Cravath explained this by saying that it was a part of his remuneration for the part he took in the franchise tax fight while he was out of office.

Following Mr. Cravath Mr. Ivins put on the stand Marvin Scudder and announced that he and Mr. Scudder had been at work a week trying to reconstruct the Metropolitan books, correcting the periods prior to 1902, which books, it had been testified, had been destroyed. Mr. Ivins told Mr. Scudder to read the result of his investigation of the stubs of the Metropolitan check books.

Ryan's Sons Profited Too.

Mr. Scudder's testimony showed some remarkably large payments charged to construction accounts. Among them were portions of the salaries paid several of the officers of the company.

Another item was the payment of \$3,616,242.50 to John D. Crimmins. Mr. Ivins said that Mr. Crimmins was a contractor and that this payment appeared to be in connection with his street railway contract.

Mr. Scudder's testimony showed that more than \$6,000,000 has been paid to Moore & Schley, and Mr. Ivins said that these payments were probably in connection with the purchase of the Third Avenue railroad by the Metropolitan interests.

He told Commissioner Wilcox that it would be necessary later in the inquiry to take up the whole matter of the Third Avenue railroad purchase, and to that end he had subpoenaed Grant B. Schley of the firm of Moore & Schley and had ordered him to bring with him his books relating to the transaction mentioned.

Incidentally it was developed that Thomas F. Ryan's sons, who conduct a brokerage house under the name of A. A. Ryan & Bro., took a whack at the Metropolitan when there were any commissions to be earned. It was a repetition of the story told during the insurance investigation. The father, as one of the reorganizers of the Washington Life Insurance company, let them in there as brokers.

Mrs. Chadwick "Left a Million."

Cleveland, O., Oct. 18.—Though Mrs. Cassie Chadwick died a pauper, her will, just made public, disposes of more than \$1,000,000 worth of property. The document was signed by her two years before her remarkable swindling career was exposed and at a time when her wealth was great. Mrs. Chadwick willed the property she then owned to her son, daughter and husband, a retinue of servants, relatives in distant cities and ten charities. In every case of a bequest to an institution she ordered that the funds be known as "Chadwick memorial funds" and that if buildings be erected they be called "Chadwick" buildings.
